- **NEW for 2011**, Built-in Training Incentive program

How does your NO Risk offer work?

Once we build your site and you start training we will Invoice you Net 30 per Site Training Start Date. Make a good faith effort and train for 30 days and if you determine the service is of no value to your firm simply check the Cancel Box on the Invoice, mail or email us and we will deactivate your site with no penalties.

What if I need support?

We attempt to eliminate need for support with the Site Use Training Courses we provide to you at no charge on your site. If you feel you need additional support (ITS FREE for the first 90 days) you may purchase Support Tickets at a cost of \$50.00 each (minimum of 5). If you fail to use any of the Support Tickets we will apply the unused tickets to your hosting fee when you execute continued service after your first year of training site use... by which time you should no longer need support.

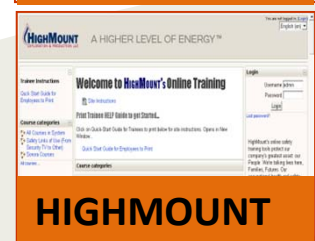

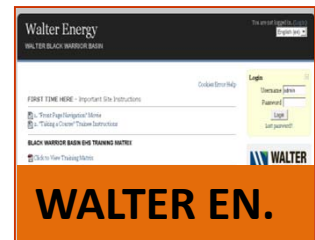

Do you monitor our site's training activity?

YES, we do. From your site start we monitor your site to determine site performance, *making sure you are training smoothly without a hitch.*

What happens when the First Year of training ends?

In the fourth quarter of your training year we will contact you to evaluate your use of the site at which time a determination will be made if you would like continue the service. We then backup your year's training data and reset your site for the new training year.
